## Full-Stack Developer

---

**React.js | Next.js | Node.js**

Reliable, energetic fullstack Developer with 2+ years of experience building responsive web apps using React.js, Next.js, and Node.js. Optimizes performance and delivers high-quality solutions.

## WORK EXPERIENCE

---

**IM Creation - Remote**

01/2024 - PRESENT

### Freelance Front-End Developer

Responsible for developing web applications using Next.js and Express.js, focusing on performance optimization and user engagement.

- Built a carbon footprint analysis app with **Next.js**, **Typescript** and **Express.js**, allowing businesses to calculate their environmental impact, optimizing data extraction and performance.
- Stored and converted large datasets in **Google Cloud** for real-time analysis.
- Integrated secure payments for generating detailed user reports.
- Developed an e-commerce site using **Next.js** and **Stripe**, improving **SEO** for visibility.

**ARK-X Talent Factory - Casablanca, Morocco**

07/2023 – 12/2023

### Full-Stack Developer Intern

Led the development of a comprehensive **MERN** e-commerce platform, ensuring seamless integration and high-performance features.

- Introduced **TypeScript** to improve code maintainability and applied **Tailwind CSS** and **Shadcn UI** for a modern and responsive **UI/UX**.
- Deployed backend and frontend separately, ensuring high security with **JWT** authentication and comprehensive input validation using **Zod**.
- Developed and tested APIs with **Postman**, achieving a 100% bug-free deployment and enhancing team collaboration.
- Designed an intuitive admin dashboard with advanced management features, leveraging **Figma** for impressive **UI/UX** design and **accessibility**.

**Smart Marine - Agadir, Morocco**

12/2022 – 04/2023

### Front-End Developer Intern

Contributed to creating a versatile dashboard website offering various services as part of a 6-person team.

Soulaimane Boukrab

boukrabsolayman402@gmail.com

- Developed a versatile dashboard web application with **Vue.js 3**, **Pinia**, and **TypeScript**, enhancing **user experience** and service accessibility.
- Spearheaded the creation of a modern Forum application with **SEO** and pre-rendering, improving community engagement and search visibility.
- Implemented a **Kanban** board for task management, streamlining workflow and boosting team efficiency by effectively coordinating tasks.

## EDUCATION

---
